

New! Learn the Psalms Format – 2006

This year we will follow the same basic calendar of hymns as we have in previous years. But this year we will not aim to sing and read the entire Psalter. Instead we will take the 26 “best” Psalms and sing each of them 4 times in 2006, or once every 3 months, morning and evening. Otherwise, the same principles are in play:

1. The opening hymn or Psalm should be a great, majestic song of praise
2. The most outstanding and beloved hymns of the church should be sung twice a year, once in the morning and once in the evening.
3. Some attention should be paid to seasonal themes including the high points of the liturgical calendar (the “five evangelical feast days”).
4. Communion is administered once a month, quarterly in the morning (January, April, July, October), and in the evening the other eight months of the year.
5. A check list is provided for the most usable and recommended hymns. ✓ Checks indicate hymns already provided for in the calendar.

A similar approach will be followed in 2006 and 2007, until 50-75 Psalms are familiar and beloved by our congregations. *No more excuses*. Commit to singing the Psalms from the *Trinity Psalter* in 2006-2008!

Those who would rather sing and read through the entire Psalter in 2006-8 may follow the calendars provided in 2003 and 2004.

Note: Hymn numbers are from the *Trinity Hymnal* (1990), Psalm selections from the *Trinity Psalter* (1994).
